OFFICE OF PETITIONS

Patent: US 6,408,630, B2

Sent by: U.S.P.S

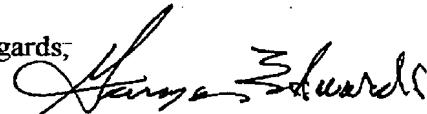

Dear Sires,

The purpose of this correspondence is to correct your office error in that the petitions office did not change its records indicating that all correspondence for the stated patents was to be sent to me as the agent representing the filed patents. The petitions office notified a former deceased attorney, Larry Mason Lee, Esq. of Austin, Texas who passed away 3 years ago, after I submitted the proper paperwork to correct the petitions office correspondence addressee. Substantiating paperwork attached.

They sent notice to a deceased attorney that was a mistake of the part of the petitions office. The result is that I was not notified at the appropriate date to submit payment and should not be charged a late fee.

Please review the correspondence for conformation of information. Your cooperation and consideration in this matter is sincerely appreciated.

OFFICE OF PETITIONS

Reference: Revocation of Power of Attorney & Maintenance Fee Transmittal

Patent US 6, 408,630 B2
US Application # 09/756/896

Commissioner,

Please be advised that I just found out that my attorney of record, Larry Mason Lee, of Austin, Texas has unfortunately passed away and practiced as an independent attorney. As the sole executive of PC/AC Inc., the corporation that the patents have been assigned, I request that my name and address be filled with the Patent Office as the assignee of record.

In addition to the Revocation of Power of Attorney, I have enclosed a check covering the Maintenance Fee as a small entity, for patent 6,408,630 B2 in the amount of \$515.00, check #4486 that is submitted in the time required.

Unfortunately, my attorney, Mr. Larry Mason Lee did not inform me of the fees required for patent number US 6, 196,003 B1 that is past due. I will submit payment next week, which will be a financial burden in that I will have to dissolve some assets to cover the costs. This will be paid next week.

Respectfully,

Commissioner,

OFFICE OF PETITIONS

Please be advised that I recently found out that my attorney of record, Larry Mason Lee, of Austin, Texas has unfortunately passed away and practiced as an independent attorney. As the sole executive of PC/AC Inc., the corporation that the patents have been assigned, I previously requested a Revocation of Power of Attorney that my name and address be filled with the Patent Office as the assignee of record dated June 13, 2006. I sent a check covering the Maintenance Fee as a small entity, for patent 6,408,630 B2 in the amount of \$515.00; check #4486 that includes a surcharge submitted in the time required with the help of a patent officer after informing him of the death of my attorney.

Unfortunately, my attorney, Mr. Larry Mason Lee, Austin, Texas did not also inform me of fees and dates required for patent number US 6, 196,003 B1, application number, 09/434/873 that is past due. Please accept my Petition To Accept Unavoidably Delayed Payment of Maintenance Fee In An Expired Patent. A two page statement of cause is attached that I would hope and appreciate the Commissioner will accept in this very tragic set of circumstances including my own personal challenge of caring for my very ill wife as a valid unavoidably delay. A check # 4558 in the amount of \$1,150.00 is enclosed.

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

8. SHOWING

The enclosed statement will show that the delay in timely payment of the maintenance fee was unavoidable since reasonable care was taken to ensure that the maintenance fee would be paid timely and that this petition is being filed promptly after the patentee was notified of, or otherwise became aware of, the expiration of the patent. The statement must enumerate the steps taken to ensure timely payment of the maintenance fee, the date and the manner in which the patentee became aware of the expiration of the patent, and the steps taken to file the petition promptly.

Unavoidably Delayed Payment

This is an appeal to pay and renew my company's patent as a Petition To Accept Unavoidably Delayed Payment of Maintenance Fee In An Expired Patent. As a small entity status one-man sole officer of PC/AC, a Texas Corporation that the patents are assigned, I would appreciate consideration for a lower surcharge of \$700.00 based on the following criteria.

I recently found out that my attorney of record, Larry Mason Lee of Austin, Texas unexpectedly and unfortunately passed away. He practiced on his own and often worked from his home and later became a divorce attorney. I was under the assumption that he paid all fees as told to me and there were no issues with the patent office. Apparently they were in arrears and I had no knowledge of this very important information. I recently submitted a check for \$515.00 for patent US 6, 408,630 B2, US Application 09/756/896 in the time required. The only reason payment was submitted and not late is that I called the Patent Office to inform them of my attorney's death. The officer took the information and I asked him to check up on my patents and change the contact information to me as the sole officer of the corporation. With his professional advice, he informed me to submit payment immediately via Maintenance Fee Transmittal Form for the above patent and a Revocation of Power of Attorney With New Power of Attorney and Change of Correspondence. I reacted immediately. On June 13, 2006, I mailed both forms and a check by Certified U.S. Mail Return Receipt Requested to meet the deadline of June 25, 2006.

Reference: Patent U.S.6, 196,003 B1, Appl. No. 09/434/873

I talked to several very cooperative officers at the patent office that advised me to submit a Petition To Accept Unavoidably Delayed Payment of Maintenance Fee In An Expired Patent and write a statement showing unavoidable delay. A patent officer also informed me that the deadline was March 6, 2005. I relied on my deceased attorney to take the responsibility in these matters and inform me of the procedures, which I was completely unaware of particularly in the last year prior to expiration.

My personal life and focus over the last three and half years has been consumed with medical doctors and surgeries to save my wife's life. In January of 2003 my wife was admitted to emergency hospital in Encinitas, California for a major infection in her spine. She had emergency surgery to remove the infection in her lower spine caused by a pain implant pump's tubing that was inserted in her spinal column. The results severely damaged her left legs nerves that resulted in her being bedridden and eventually wheelchair bound. She was diagnosis with osteomyelitis of the spine that destroys bone structure. There were several surgeries and additional infections to other organs and the on going healing of her back wound. She was hospitalized for almost two years with several close calls of her dying from infections. In late December of 2004 I dismissed her former surgeon who had no answers and moved her to University of California San Diego hospital by ambulance and met with Dr Steven Garfin, head professor of orthopedic surgery for a diagnosis. Her health was failing and the infection spread causing her spine to deteriorate. He concluded she was dying and had eight months to live unless she had two

complex spinal operations as soon as possible. In January of 2005 she endured two 20-hour spinal operations to reconstruct her spine with bone, bars and screws. They performed one frontal surgery and one back surgery seven days apart with the odds of survival at less than 40%. She stayed in critical recovery through March of 2005 and was transferred to another hospital for further recovery and later admitted to a skilled nursing home for eight months to get her out of bed and into a wheelchair in November of 2005. She is home and still battling recovery under medical care by several doctors. My focus was and is my wife as it is today. I am a caregiver. We have been inundated with medical bills that have severely damaged our ability to catch-up. My U.S. Patents are also important in that we worked so hard to get them and retain rights.

I would sincerely appreciate the assistance of the patent office in lowering the surcharge to \$700.00 in that my attorney died and never informed me of fee requirements and dates including a very stressful and difficult financial life in helping my wife. Please find enclosed two checks - \$450.00 for small entity and surcharge check for \$700.00. Total amount is \$1,150.00

If there is any way that my personal information can be kept confidential and limited to public knowledge is also appreciated.

Sincerely,

George A. Edwards

Status	Description
In-Process:	Indicates one or more items are still in the process of being retrieved, copied, certified, or prepared for delivery.
Shipped:	Indicates the item has completed being processed and has been shipped to you. In the case of an Internet-delivered document, it indicates that an email was sent informing you the document was available for downloading. When this status is applied to an order, it means either (a) all the items in the order were shipped; or (b) some items were shipped and any remaining items were cancelled or could not be processed.
Cancelled:	Indicates the item (or order) was cancelled. If you have questions about a cancellation, contact Customer Service. Some cancellations may have been processed under a different order number.
Error:	Indicates a problem was encountered when the item (or order) was being processed. If the error status remains longer than 24 hours, contact Customer Service.
Closed:	Indicates the item (or order) will not be further processed.
